Assessment for final qualification as a Neuro Linguistic Psychotherapist involves:

- **Written closed book examination on the contents of the entire programme.**
- **Case conceptualisation and presentation.**
- **Peer and self assessment.**
- **Development log review.**
- **Evidence of supervision reports.**
- **Completion of 3000 word assignments in Theory and Practice of NLPt**

Both modules will also include extensive self discovery and dealing with all the students issues by individual sessions with each other.

Goa NLP in Conjunction with ANLP (India) Presents:

PSYCHOTHERAPY

Course Manual

NLP PSYCHOTHERAPY DIPLOMA PROGRAMME DAY OUTLINE

This is a guide only to the programme as it will be varied by the demands of the group etc. There will also be many practical exercises and demonstrations as required.

“The move from working as a practitioner of Neuro Linguistic Programming to working as a Neuro Linguistic Psychotherapist or Counsellor can seem a large one.

This training has been developed to provide you with all the information and support you need to make that move with confidence, and to give you the toolset to achieve ANLP (India) accreditation as a Neuro Linguistic Psychotherapist.”

Dr David J Lincoln
Psychologist, NLP Master Trainer
